

3 Times

*Well we might as well go ahead and get to babe
It's not like I've got somewhere to be
But I've only hit it once and the sun's coming up
We're gonna make time to get to 2 and 3
Maybe your girl told you to come on over
She came to see me last week
She said I left her shakin and maybe you thought
For yourself you wanted to see first hand
Suggest you make the most of our time here
Cuz next week you may not see me at all
She says she's got to get back
She wait by the phone for my call*

*One time, one time, give it up
Two times, two times, give it up
Three times, three times before you hit that door
I guarantee you'll be back for more
And if you want some adventure we can go for four
But you better give it up 3 times before you hit that door*

*That's 2 but I told you the rule, I'm not the one girl
Gonna play you for fools, so listen up baby*

*Don't lose your cool, gotta lotta constraints on my time
I get a lot of business, get a lot of word of mouth
Speaking of your mouth I've got something that I'd
Like you to do, for a minute or two
And if you do a good job we'll get back to the grind
Suggest you make the most of our time here
Cuz next week I may not be here at all
She said she's got to get back
She wait by the phone for my call*
