

Waiting For Princess

*I've been waiting for you to come down from your tower
I've been waiting for you for so long
I spent all of my life here to wait for my princess
Waiting for princess to come*

*Were you afraid that you'd break when you fell?
Couldn't do it without getting so high
Maybe not maybe just didn't see it coming this time
But there was one thing I really should've known
You didn't need me you thought
You were better off alone*

*Could it be when you opened your eyes
That you couldn't see the light
Could it be that when you opened your eyes*

*How many times did you jump into the river
Without a care or a tossed glance behind
And don't think that I didn't notice that you weren't any thinner
But there was one time you asked for my help
But you didn't want me
You made it clear that you wanted someone else*
